

VUMU SOLUTIONS LLC

CAPABILITY STATEMENT

Facilities Support | Relocation & Logistics | Engineering & Technical Consulting
Indianapolis, IN | Serving clients across the United States

COMPANY OVERVIEW

Vumu Solutions LLC is an Indianapolis-based small business that delivers facilities support, logistics, and engineering services to federal agencies, prime contractors, and commercial organizations. We act as a single accountable prime, managing vetted local subcontractors to deliver each requirement.

CORE COMPETENCIES

- **Facilities Support:** janitorial and custodial services, waste and refuse removal, snow and ice removal, portable sanitation and latrine service, grounds care, day-to-day site support.
- **Relocation & Logistics:** office and facility moves, packing and transport, furniture and equipment supply with delivery and installation, lodging and event logistics.
- **Engineering & Technical Consulting:** technical oversight, validation and testing support, technical documentation, troubleshooting, compliance-oriented process support.

DIFFERENTIATORS

- One accountable prime and a single point of contact from award through completion.
- Owner-led engagements with engineering discipline in planning, documentation, and quality control.
- Vetted local subcontractor network matched to each scope and location.
- Clear communication, schedule tracking, and responsive follow-through.

HOW WE DELIVER

Vumu Solutions holds the contract and the accountability. We qualify subcontractors for each scope, confirm licensing and insurance, set the work plan, track performance and schedule, and report clearly to the contracting officer or prime.

LEADERSHIP

Hamim Nigena, Owner. Controls engineer with hands-on experience in complex engineering and configuration workflows, validation and testing, technical documentation, compliance-oriented processes, and technical troubleshooting.
